**May Topics**

**Boost Your Learning Power**
Looking for ways to become a better student and boost your learning power? This workshop will help you discover your own learning preferences, and introduce you to the top, research-supported learning strategies.

**Critical Thinking**
At university, learning involves much more than just memorizing facts and figures. This workshop will assist you in pushing beyond purely descriptive levels by examining deeper levels of understanding, analysis, critical thinking and evaluation.

**Secrets of Academic Success**
Looking for ways to improve your study habits, gain academic skills, and feel more confident about your ability to learn at university? Wondering which learning skills you most need to succeed academically? This workshop is for you!

**Time Management**
Where does the time go? Are you having trouble balancing school, work, and life? How much study time is enough? Learn practical, personalized approaches to managing your time that work for you.

**Reading and Note-taking**
Many students find keeping up with the readings and lecture notes at university to be a real challenge. Learn more effective reading and note taking strategies to help you stay on top of your course work.

**Writing Tips**
Term paper coming due? Essay to write? Academic writing can be a challenge. This workshop will help you plan, organize and fine-tune your writing, from picking a topic, right through to final proofreading.
